Uniqueness

Gastronomy

Philosophy

Masterfully crafter, with unparalleled purity and refined character, the premium μ. Artisan Water defines a new category.

The premium μ. **Artisan Water** in both still and sparkling varieties, embodies the artisan philosophy and completes the gastronomic experience of every meal.

The premium μ. Artisan Water, a Greek gastro-lifestyle water, has arrived to elevate every taste experience.

The **award-winning** bottle of the premium μ. Artisan Water combines elegance with high quality, featuring sculptural elements that enhance its feel and harmoniously compose an overall refined image.

We **Care About Nature**

The **first** Greek premium artisan water is bottled in **aluminum packaging**, becoming the most **sustainable** natural mineral water.

We **Care** about **Innovation**. We Care about sustainability

**We protect** water as a precious necessity from external factors.

**We respect** nature and environment by using 100% recyclable and fully sustainable packaging material.

**We innovate**, by presenting μ. Artisan Water, the first sustainable water in environmentally friendly packaging, keeping it cool and protected.
